2017 ANNUAL REPORT

engaged and actively believed in and by taking action in aiding families in distress and poverty. Again, to all our contributors, sponsors, donors and partners who donate to and pledge to support our fundraiser campaigns. Thank you for your donations and support. I am appealing to you to share our vision and encourage others to join our team.

I want to thank the Board of Directors, Staff, supporters, and, all our International Volunteers for their dedication, sacrifice and commitment supporting our programs.

As I reflected on 2017, I was reminded of the need to be of service to the underserved, individuals and communities who largely depend on your support. We count on your active involvement to achieve our goal.

Fundraisers: Bonazah Community Development of Africa raised **\$5,083.69** in 2017. One hundred percent of all donations received went into and/or are dedicated to supporting our programs. See expenditure chart below.

We will continue to provide humanitarian aid through increased services and resources, by promoting youth/women empowerment, education, entrepreneurship, development, sustainability, leadership and economic growth.

In this year's report, we focus on youth empowerment and clean wells programs, and we further lay emphasis for our 2018 priorities.

Regards,

Benjamin A. Azah
PRESIDENT/CEO

Programs

BONAZAH Community Development of Africa is seen as a torchbearer in issues of Youths empowerment, Women Empowerment, Educational Development, Livelihood support and Poverty reduction. Our performance, defined as progress towards achievement of results, is geared towards a singular goal of building safer and more resilient nations and communities in Africa. BOCODA activities are focused on influencing individual actions as well as making communities better prepared for economic advancement and poverty alleviation.

BOCODA worked to further rationalize our operations, supporting other organizations in Africa while expanding to other regions and local communities, strengthening systematic partnerships through cooperation and collaboration with our corporate partners.

BOCODA in its vision believes that Africa needs the efforts of its people to grow the development process of its continents, for that reason BOCODA was created to reach out to the local grassroots inhabitants in our areas of operations and empowered them to contribute to the development of localities. Due to lack of resources, we targeted specify areas to focus our interventions that will effectively engage community participation to reducing poverty, women empowerment, education promotion, entrepreneurship, economic growth and environmental sustainability.

Sustainable Education and Assistance Program

This three-tier program is designed to meet the educational needs of the underprivileged sector of impoverished children and communities.

Program suspended due to political instability in our areas of operations to resume as soon as the situation stabilize.

After School-Weekend Program Government School Mbambe

Program suspended due to political instability in our areas of operations to resume as soon as the situation stabilizes.

Clean Water Wells Project

We appreciate all who have contributed to support ongoing efforts to provide a clean water source to this community.

We are committed to providing clean water for the children

Scholarship-Sponsorship Programs

No scholarship was awarded for the academic year 2017/18 school year. Beneficiaries are children living in poverty from rural areas with no access to beneficiaries' programs. Notwithstanding, the fact is that the school year in some of our areas of operations were disrupted by political instability.

The program will continue to identify and match children with sponsors for the upcoming academic years.

So far, the program has benefited over 367 pupils. This assistance relieves the families of financial hardships by supplying classroom textbooks and teaching aid use by teachers.

The Women Empowerment Program

No new women were admitted into the training program in 2017. The focus remained catering available resources, mentoring and assisting those women who graduated from our program to ensure initial capital to start and operate successful small business. The selected women were trained on business management and elementary *skills* of business planning. The training ended up with an expose of each of the business models from the selected beneficiaries.

We joined forces with a local NGO in the Etwii community for the first time, donating rice, soaps and others food items to elderly citizens of the village.

Military Family Program

We organized and sponsored children activities to support military families. We are dedicated and committed to continue these services to all military members in need whenever the opportunity presents itself, resources are available, and the Board of Directors determine that there are compelling needs that warrant Bonazah Community Development of Africa in support in our commitment to support our Soldiers and their Families.

Staff Professional Development Program (SPDP)

This is very important to our staff in building their capacity on the technical demands of their job execution within the organization’s activities; we organize periodic technical training annually at the international levels where selected staff members are invited to attend strategic meetings and training sessions geared towards enforcing a better program and project implementation.

Organizational Highlights

There were 23% overhead costs and all our field staff were either volunteers or were awarded a minimal stipend; 74% of our revenue went into our programs and services. There were 26% (\$1,450.66) carryover to the beginning of 2018 and 11% (\$600.00) of the balance is budget for the Clean Water Well.

Priorities for 2018

We proclaim 2018 to be a year of increase. We will increase our revenue efforts. We will reach out to more people to join our campaigns. We will offer help to more impoverished individual and continue to empower women and youths to uplift them from poverty. We will build stronger relationships with our partners.

We continue to face challenges in the followings areas

- Limited funding
- Limited staff to reach out to the grassroots
- Transportation means to go to the hinterland
- Limited/No internet connectivity in the field
- Low exploitation of available opportunities
- Limited budget for office management.

Please support at: www.bonazah.com by making a monthly donation in support of our programs.
